## **Laudato Si'**

In May 2015, Pope Francis released his encyclical letter *Laudato Si'*, to call for action to address the spiritual, social and economic crisis manifest in environmental devastation. He called us to "hear the cry of the earth and the cry of the poor".

"Laudato si'" are the opening words in Latin of St Francis of Assisi's Canticle of the Creatures "All praise be yours, my Lord through all that you have made".

On the 5th anniversary of his encyclical, May 2020, Pope Francis announced a plan for Catholics to make a commitment to implement *Laudato Si'*. Over the next couple of years, a framework was developed to support this plan. This framework has 7 goals or ways of measuring integral ecology.

## **In Australia**

Taking their lead from Pope Francis, our Australian bishops issued their 2021/22 Social Justice Statement "Cry of the Earth, Cry of the Poor", drawing wisdom from scripture, Catholic Social Teaching, and human knowledge, so that we might be converted to new ways of living, both personally and collectively.

The Bishops' Statement, invites all parishes to commit to the Laudato Si' goals.

## **Our Parish**

Catholic Earthcare Australia has made it easy for us to take up the Bishops' invitation with a certified journey which we, as a parish, have begun!

**The process begins with a wide-ranging self-assessment, followed by action planning for the next few years. We hope you'll join us on the journey!**

Catholic Earthcare Australia was established in 2002 by the Australian Catholic Bishops Conference and mandated, through the activities of education, research and advocacy, to give leadership in responding to the call for ecological conversion. It is now a program of Caritas Australia, responding to the interconnectedness of the 'cry of the poor' and 'cry of the earth'.

We acknowledge our First Nations people and pay our respects to their Elders, past and present. Their deep spiritual connection to Country and respect for the natural environment has ensured the preservation of our natural environment for thousands of years.
